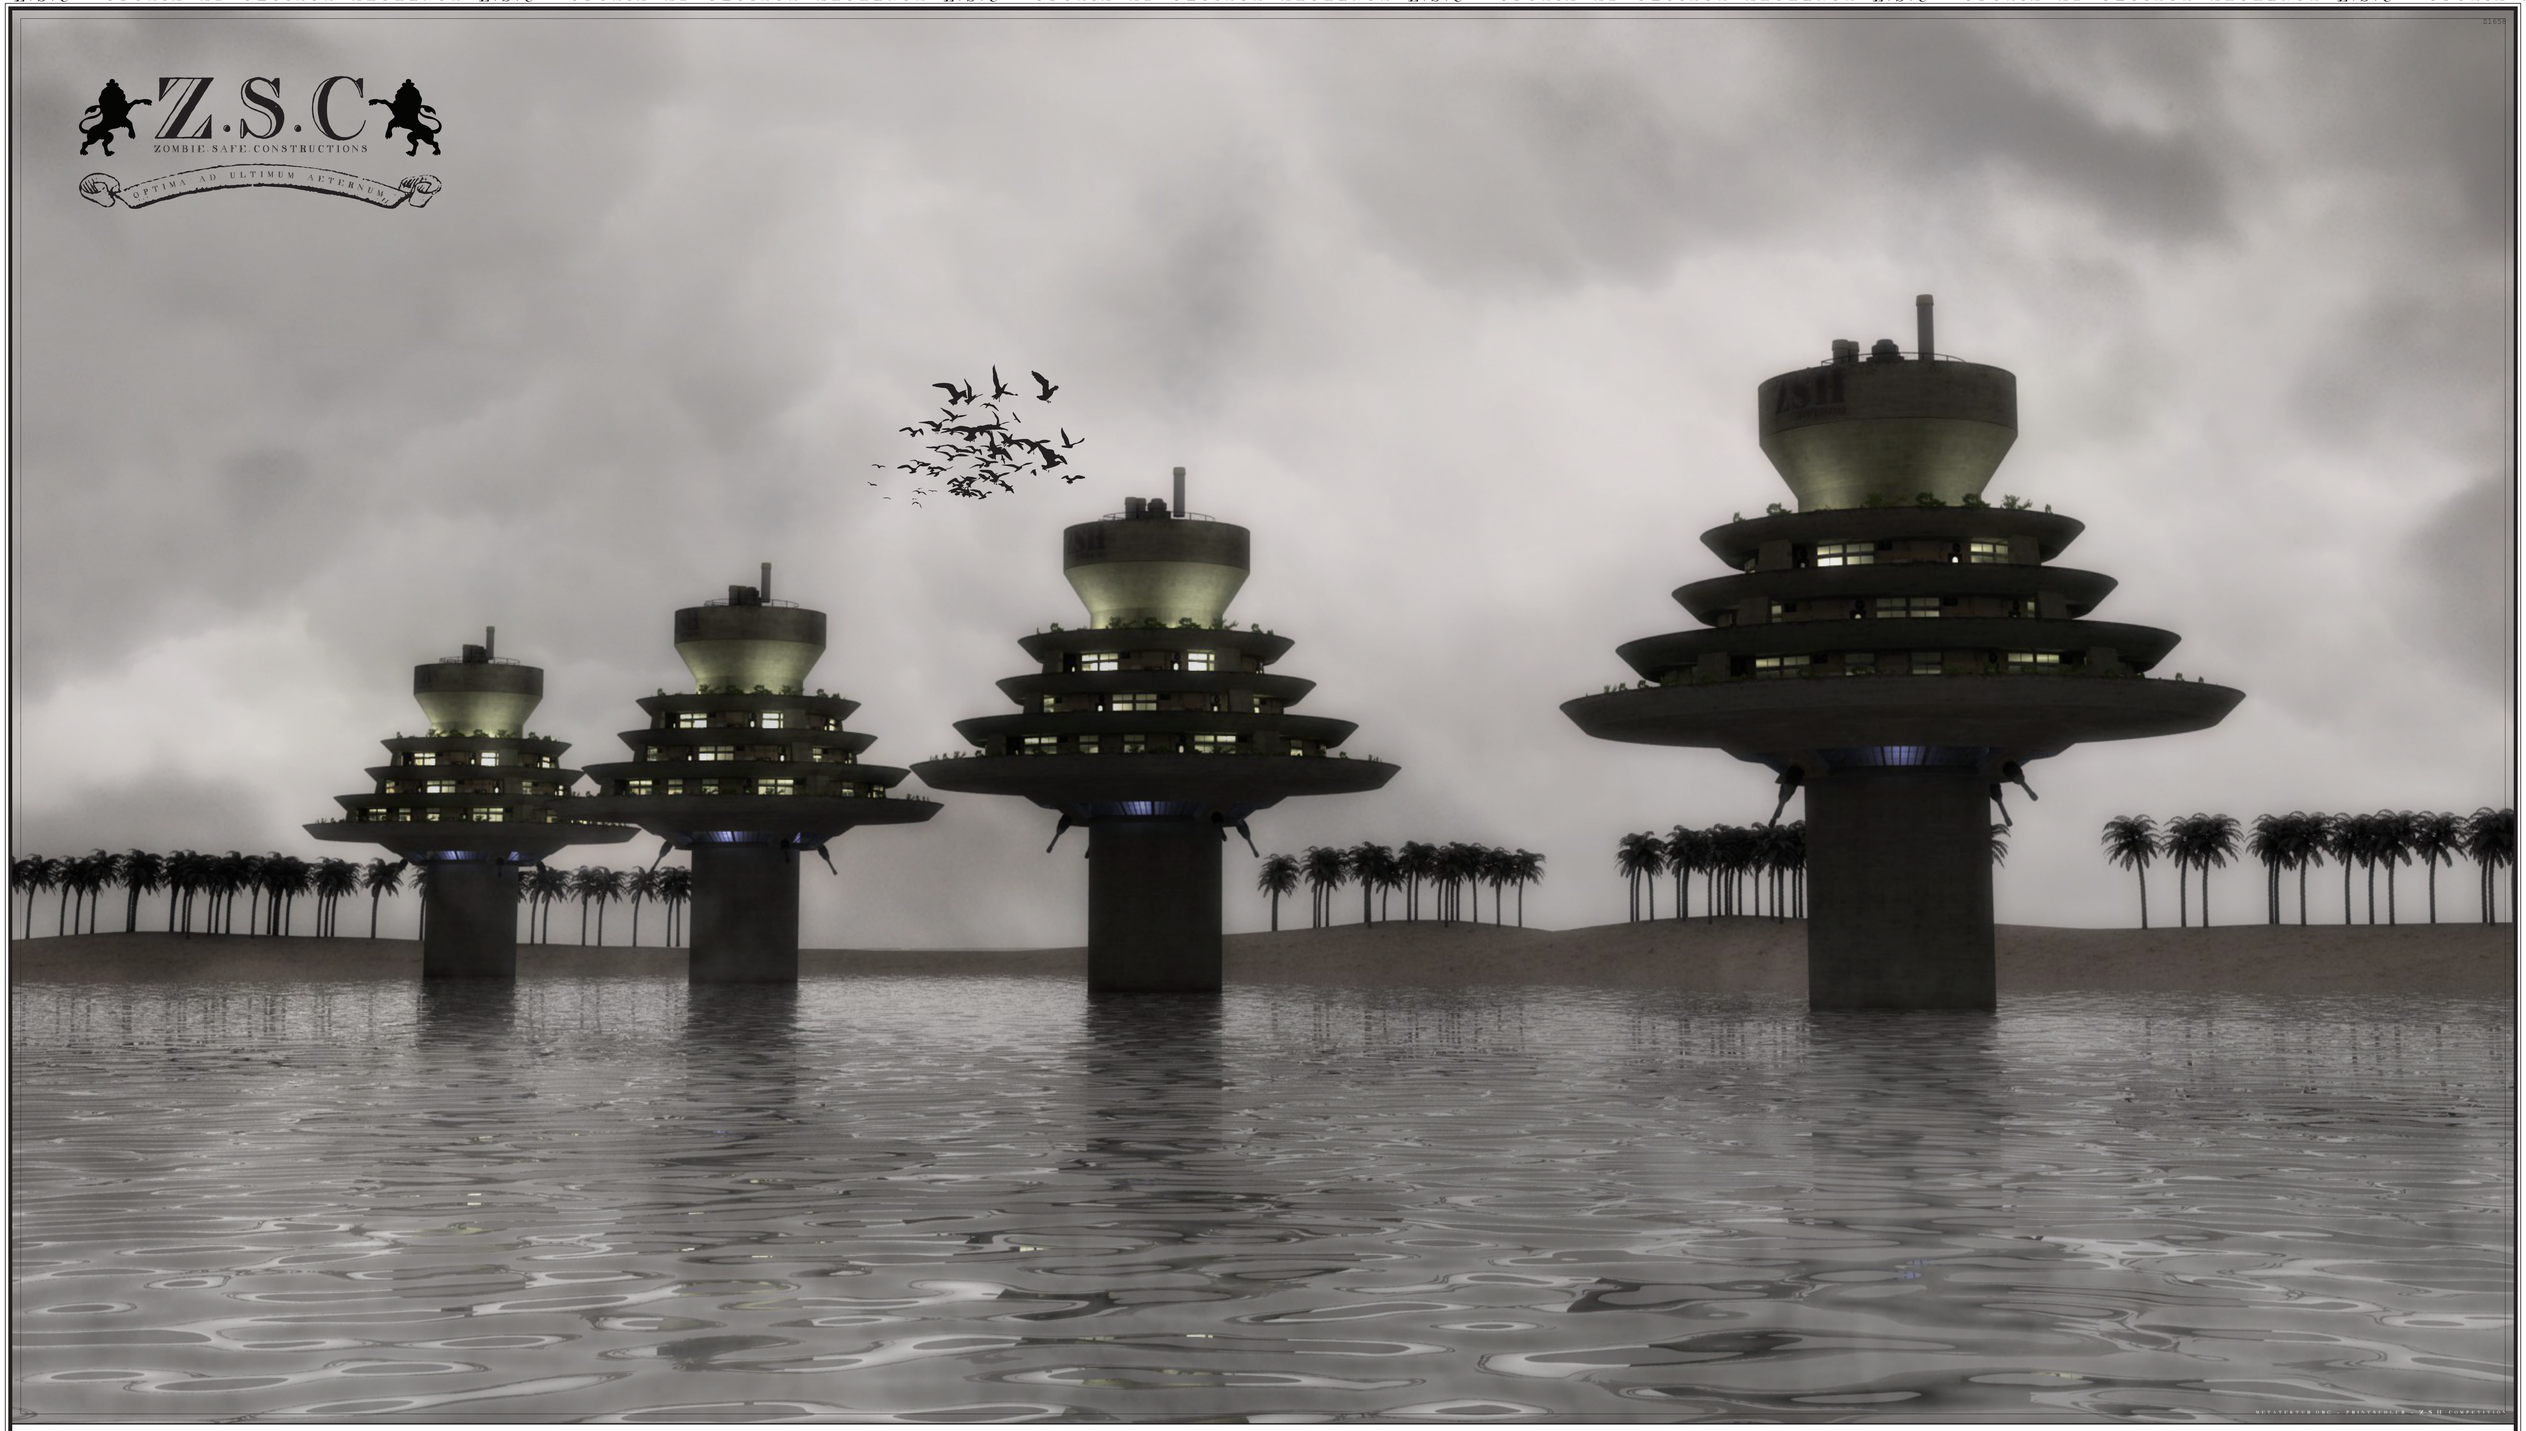
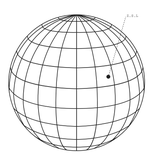
Z.S.C

ZOMBIE SAFE CONSTRUCTIONS

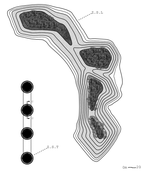
OPTIMA AD ULTIMUM AETERNUM



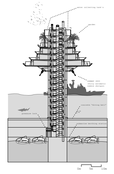
schematic diagrams:



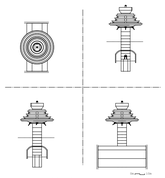
Z.S.L - ZombieSafeLocation / we provide you the most beautiful places in the world / natural life in the postworld...



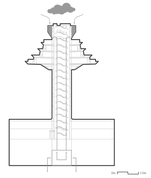
Z.S.H - ZombieSafeHousing / absolutely self sufficient zombie safe housing towers on a secret tropical spot



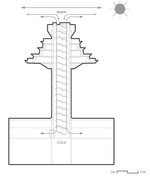
section 1: Z.S.T - ZombieSafeTowers / connected and accessible only via the ground - with an underground boat berthing station



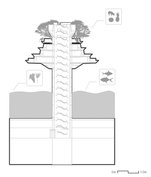
4view: Z.S.T - ZombieSafeTowers



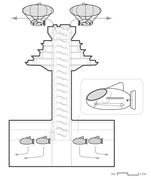
Watertreatment: rain & seawater; seawater desalination via coral filter and hydrostatic pressure; additional energy by vertical kinetic turbine system & rainwater



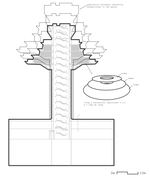
Energy: chimney effect & turbine system; ZSC Top pressure & vacuum energysystem;



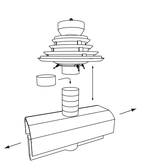
Food: rooftop garden; seafood (fish) & seaweed; additional food production on the ZSL ZombieSafe Locations



Emergency escape: Mini Uboot & Zeppelin (human propulsion; bicycle principe)



Basictower: 146m2 living space (expandable) = 3 Areas except garden



Expand: population increases indirectly proportional to the amount
